Beach

We loved heading to the beach every evening! It felt just like we were dreaming.

The sunset was beautiful, and we were having the best time! It glowed in everyone's eyes, it was like a never ending prize! Roasting marshmallows in the fire, and playing with our friends was our only desire!

8 🍓 6

In crabbing you had to pick up rocks in rock pools you can find shrimps and sand hoppers as well as crabs.

Thank you for donating to Terrace road primary school we appreciate it very much it even made the money for residential cheaper we had alot of fun one of the activities were crabbing and thats what we are going to talk to you about.

Dinner & Dorms

The food was so good I couldn't choose what to have! My favourite was the tuna sandwich and I loved the ice cream and fruit salad.

The tuck shop was so nice and there was mentos and there was chocolate eggs and there was so many drinks like tango and Dr pepper and Pepsi and Coca Cola.

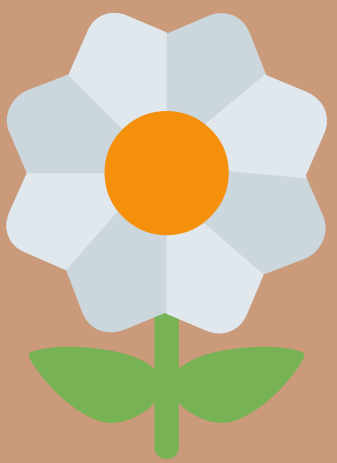

We loved spending time in our dorms with our friends. We kept our dorms super tidy and organised.

Exploring

Exploring day and night, to
us it doesn't matter if
there's light. Throwing the
sand and running on bare
land. We had so much fun,
playing in the sun!

Horizon & Holes

Making holes was very fun because some people fell into them and it was fun making it. We had a really good time and if I had a chance to do it again I would do it and plus we were at the beach and we got to spend time with our friends.

The views were some of the best views I have seen in my life and one day when we went to the beach the sunset looked amazing. While you're walking around you can see the amazing horizon.

Ice cream and Instructions

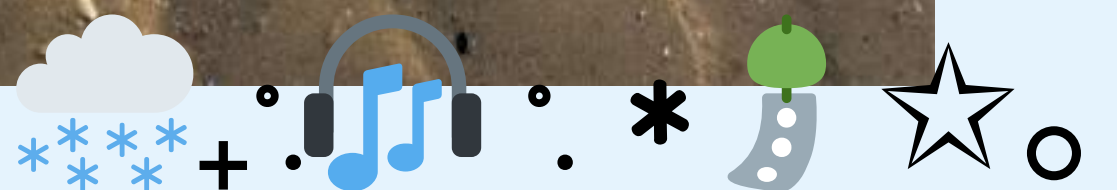

We are so grateful to the instructors who helped and guided us. They were kind, patient and lots of fun. We learnt to step out of our comfort zones.

JELLYFISH

Jellyfish alive or jellyfish dead,
looking for the one who looks
like it's been fed! Running
through the sea, smiling with
glee. Looking for the jellyfish
that is just for me!

Kurling

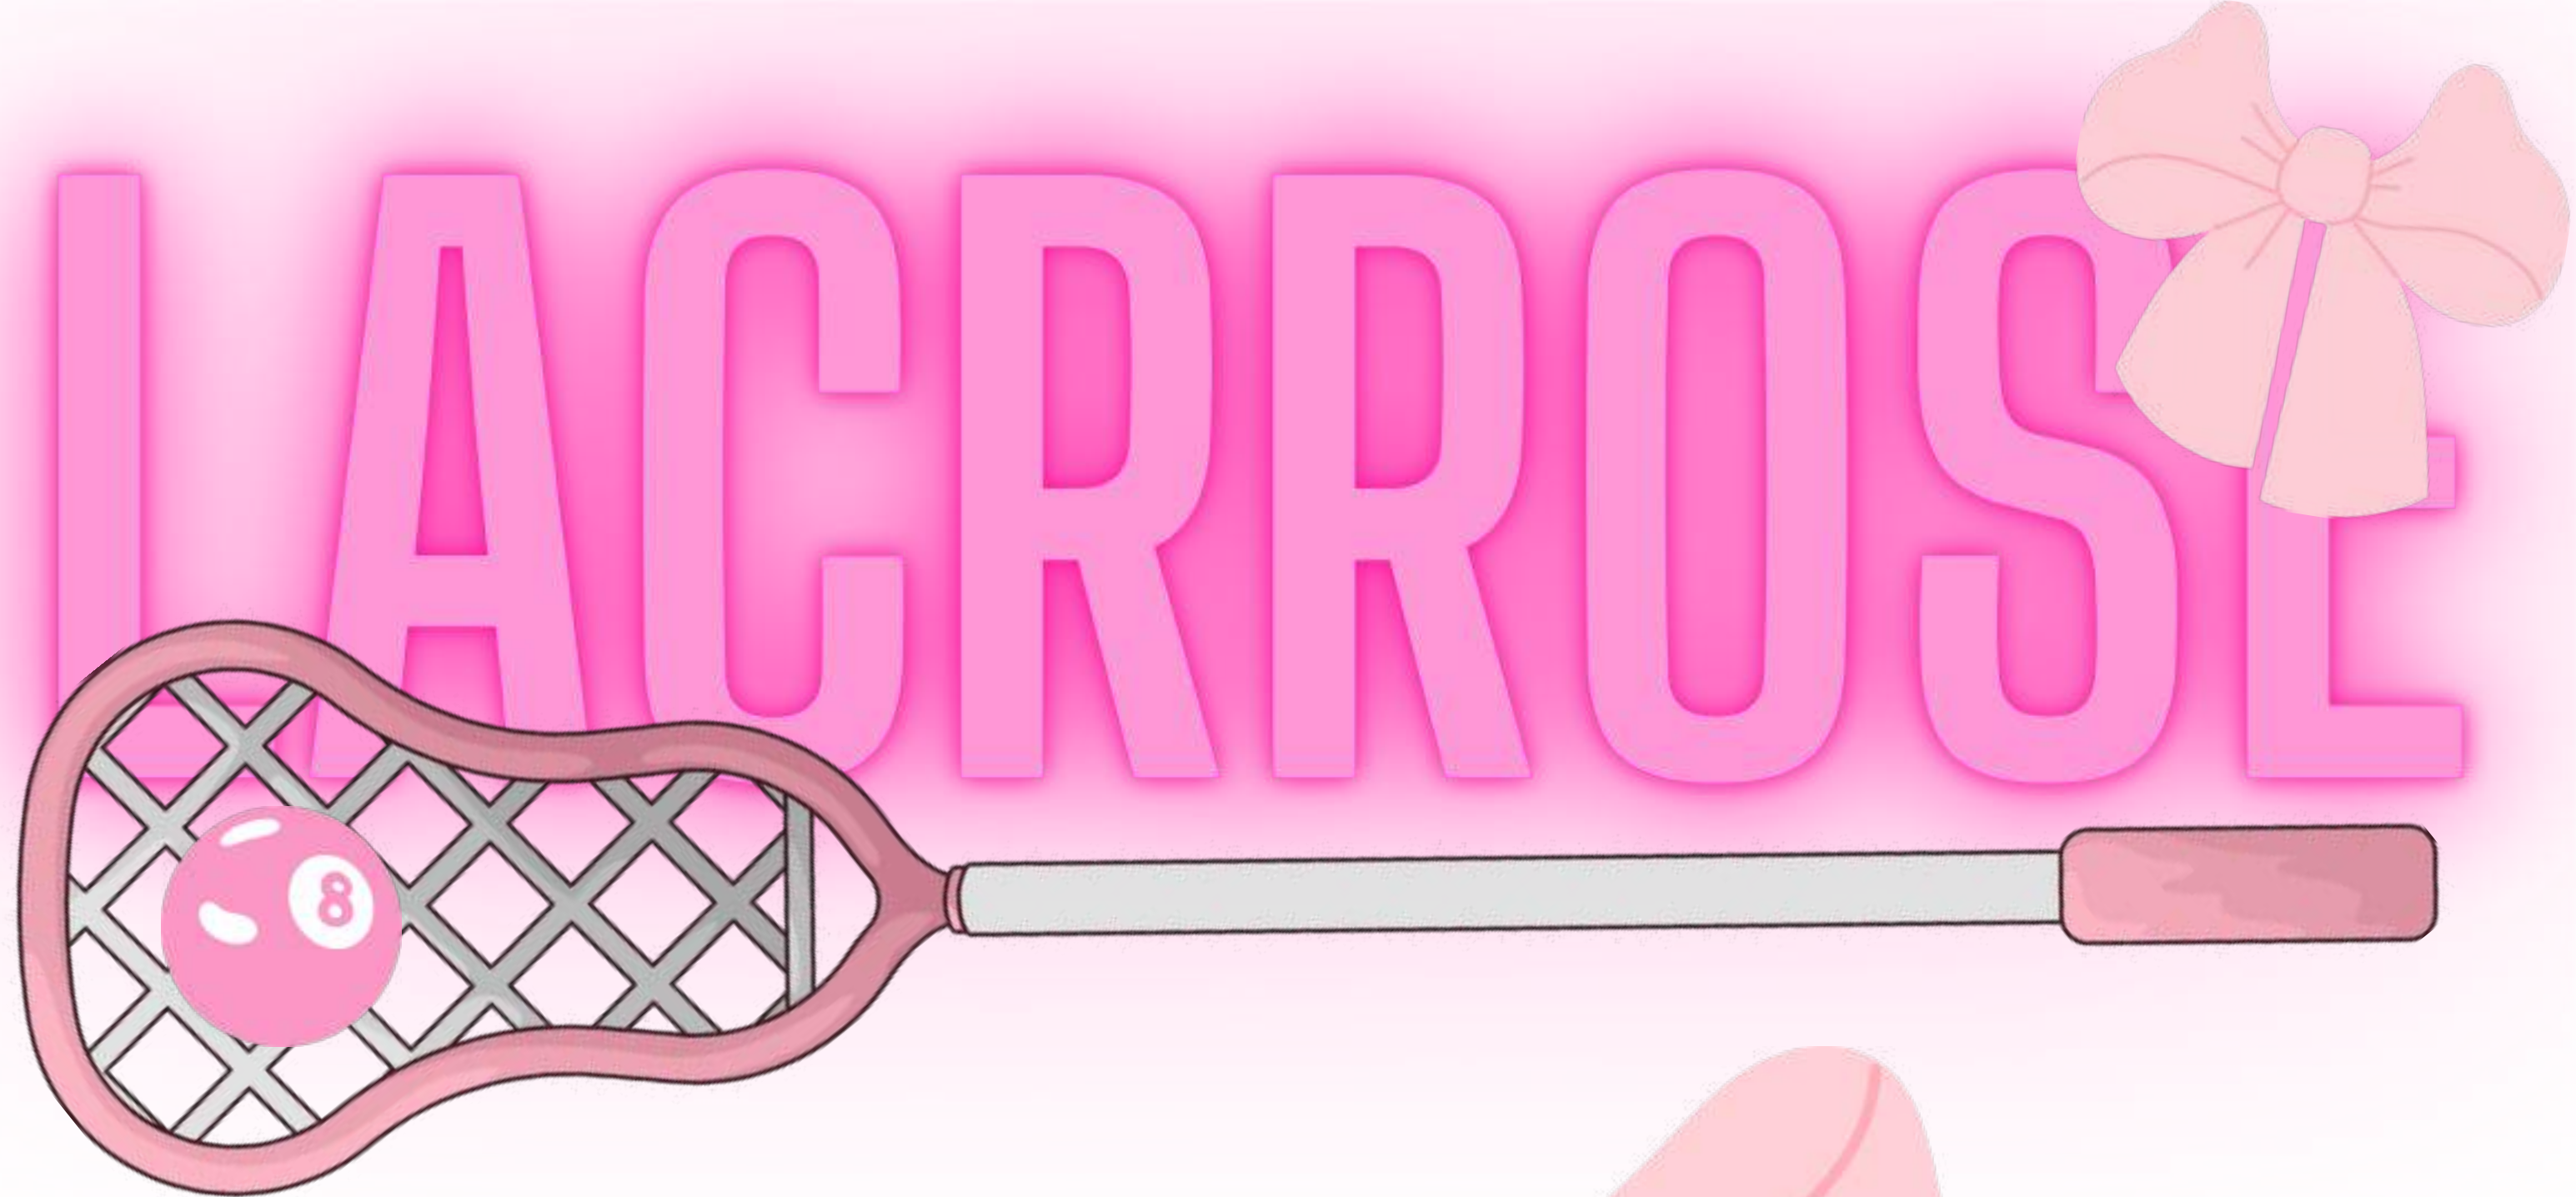

This is one of the activities we did during our last day at St. Madocs centre.

Here's the rules on how to play kurling!

You would have two teams playing as opponents and then the team who scores higher at the end wins.

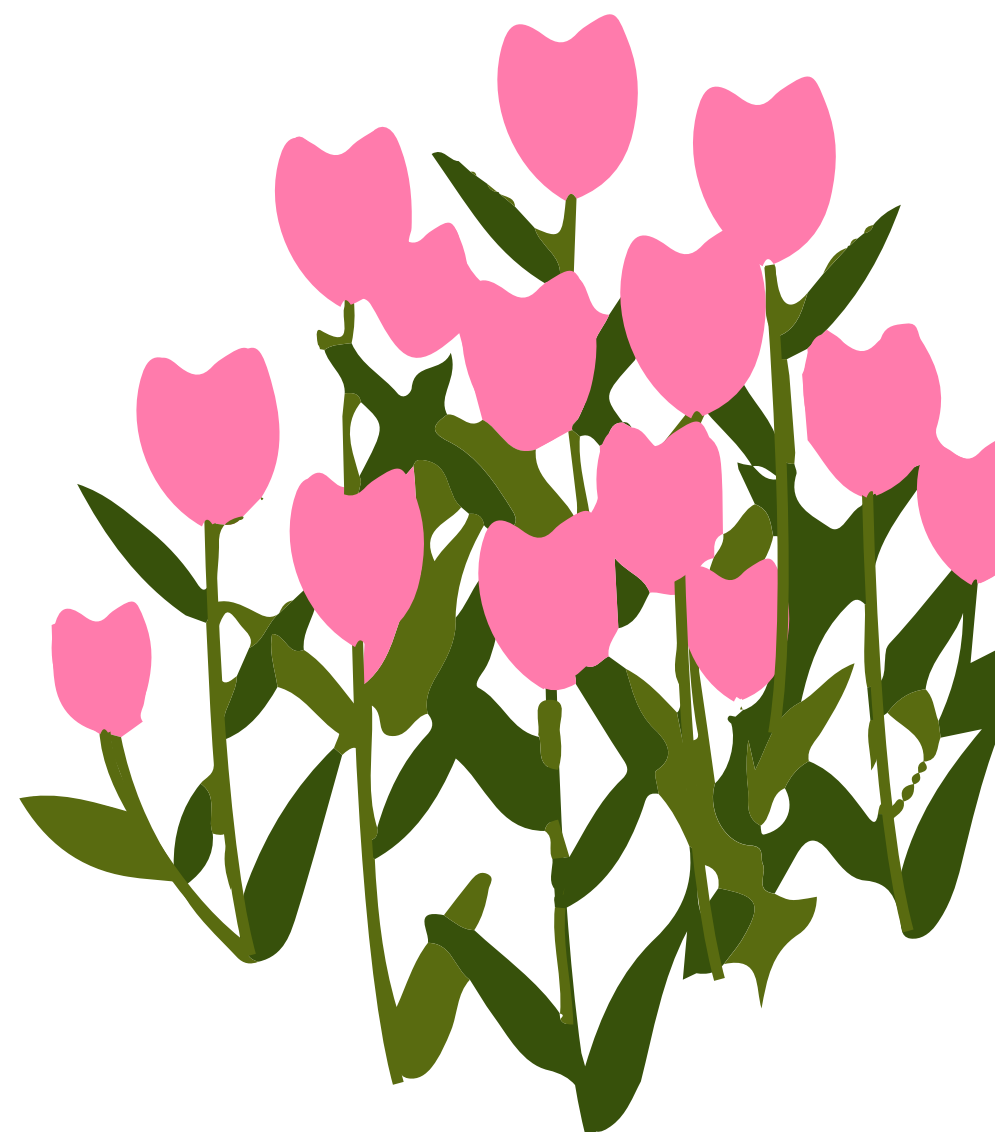

Hold the kurling rocks by the handle and then slide it across the floor and try your best to get it in the centre of the kurling board!

Good Luck!

LACCROSE IS A REALLY FUN GAME AND IM GOING TO TEACH YOU HOW TO PLAY !

SO YOU HAVE A BALL AND A SCOPER AND WITH THE SCOPER YOU SCOOP THE BALL UP AND YOU CRADDEL IT NEXT TO YOUR HEAD SO THEN THE OTHERS CANT KNOCK THE BALL OUT OF YOUR SCOPER !

Marshmallows and memories

We had so much fun
roasting marshmallows
and enjoying our last
evening at the stunning
beach
