fast but only to  
get the food!

# Q

Questions  
When we came to  
residential we had a lot  
of questions (as you  
would've guessed!) and  
of course all of them  
were answered by the  
lovely instructors.

Quick  
It was so  
fun it felt  
amazingly  
quick!

# Rock *R* Climbing & Room *R* Inspection

WE DID ROOM  
INSPECTIONS AND THE  
GIRLS WON 2 TIMES  
AND THE BOYS WON  
ONLY 1 TIME. THE  
ROOMS WERE SO NEAT  
THAT WE SETTLED IN  
SO QUICKLY.

WE WENT ROCK CLIMBING IT  
WAS SO MUCH FUN. EVEN I  
THOUGH IT WAS HARD. BUT  
EVERYONE FACED THEIR AND DID  
IT .

But you need to walk up a steep hill which is so much fun trying to climb up the hill as you are falling. sand boarding is a fun thing you can do as you slide down a sand hill at the beach with goggles on your face to be safe

# Tree climbing

Tree climbing is a dangerous thing you must be harnessed and supervised by a professional.

When we were tree climbing we got shown the safety of the rope and how to pull it tight for the person on the harness. We also got taught how to climb on our hands and feet (NOT KNEES)

# Underground

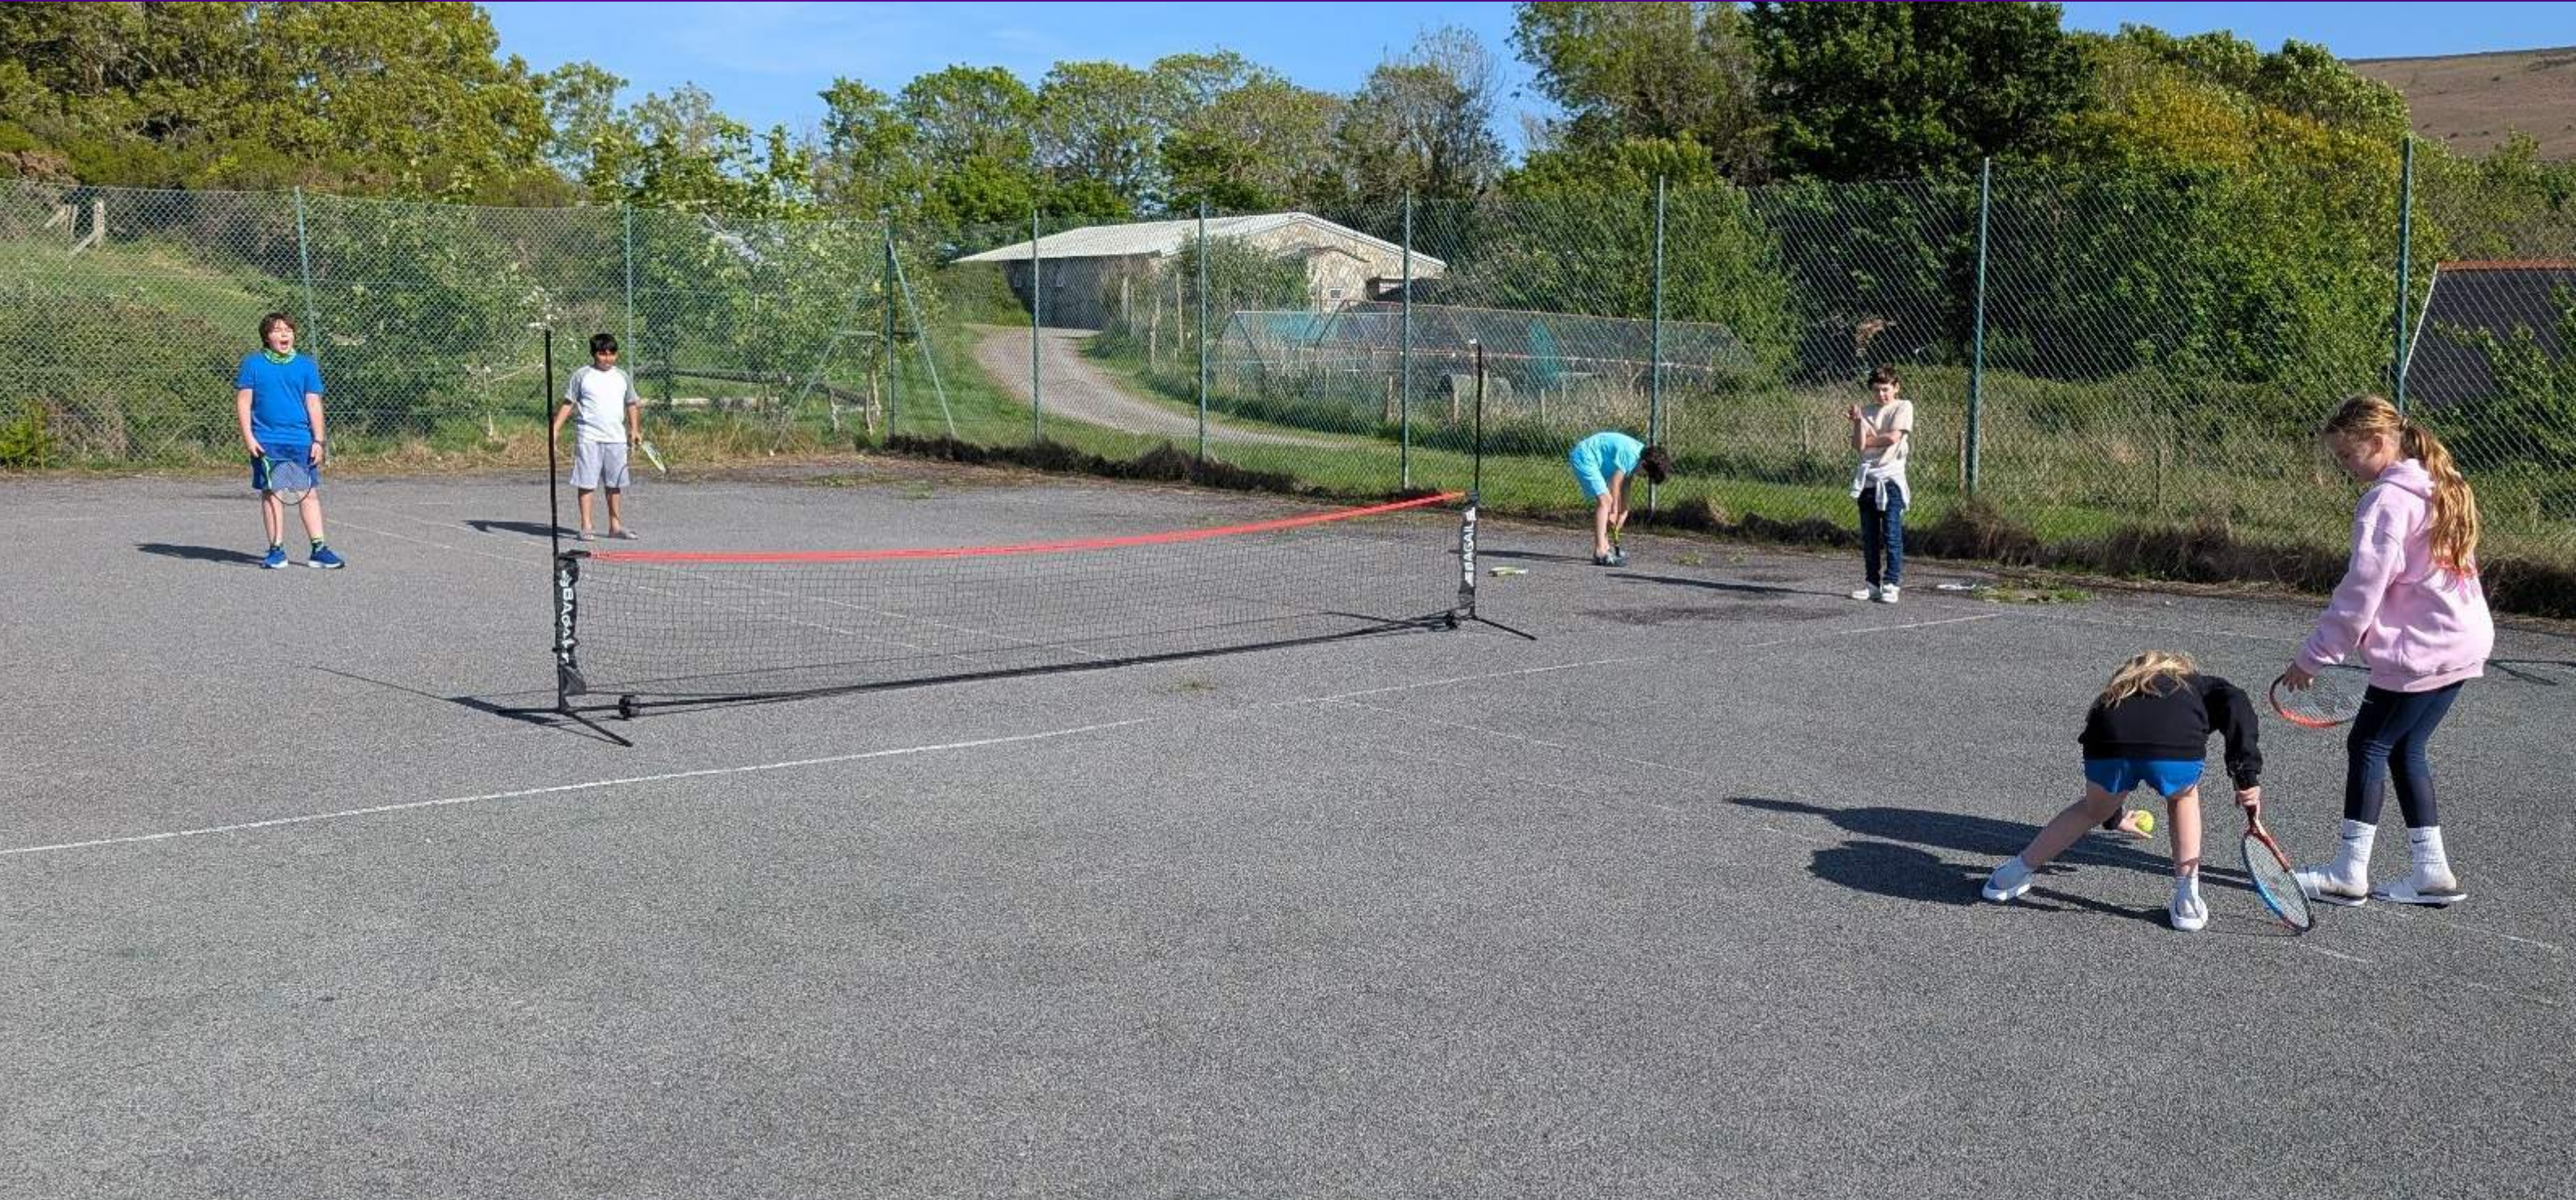

Underground  
tunnels sandy  
beaches and  
feet not a care  
in the world just  
your tunnel and  
you all your focus  
is on the tunnel

All that hard work now time to go say  
goodbye once more then no more

# Volleyball and tennis

# **Winning** games and challenges & **Waves**

lapping at our toes, cooling  
us down.

Xtremely

Xciting!

From the centre to the dorms,  
from the beach to the forest,  
there was never time to rest!

Always something to do, always a  
way for you and me!

Residential was such an amazing  
opportunity, and they had a  
beautiful community!

# Yellow Sun

The yellow sun  
bright and brave,  
making us feel all  
the same,  
The beach was  
flooded with love  
and light,  
with everyone  
being bold and  
bright.  
Sun cream  
spraying  
everywhere.  
fun in the sun  
without a care.

# Zigzag Walks & Zzz

Zigzag walks down the dunes,  
running through the sand and walking on rough  
land!

Making us tired all the way through,  
the sky makes us hopeful all bright and blue!

Waking down the grass tonight,  
hopefully we won't get a fright!

We zigzagged through the forest trail,  
With sandy shoes and jokes to sail.

We found new paths, we faced our fears,  
And laughed until we burst with tears

Then slowly came the calm of night,

The stars above all glowing bright.

The hush began, the world grew deep

And ZZZs soon rocked us all to sleep.
